Instructions: Watch the film clip(s) about your case study patient and collaborate with your group members to complete the following worksheet. (Note: If you need more space you may write your responses on the back of this page or on a separate sheet of paper.)

CASE STUDY SUBJECT’S NAME: ________________________________________________________

1. What physical problems is your patient experiencing? What is the patient not able to do now that they could do before the illness?

2. What impact has the patient’s illness had on their relationships with family and friends?

3. How has your patient’s illness affected their emotional well-being? What are your patient’s biggest worries? Please give examples from the film.

4. How does your patient feel about death and dying? Please give examples from the film.

5. What activities, resources and support systems are available to the patient to help them cope with the emotional impact of their illness? List as many as you can.

6. What role does music play in this patient’s care?

7. Select a quote (1-3 sentences) from your patient’s film clip that best illustrates how they feel about their experience. Write the quote below.
